

Allie Walton Selected To Regional Team

Four teams will represent the US Youth Soccer Olympic Development Program from April 3-12, 2008 in San Jose, Costa Rica. They will play the U17 National Teams of Mexico and Costa Rica (who are preparing for the world cup qualifiers), and the U20 National Teams of Chile and Honduras (who are preparing for the U20 FIFA Women's World Cup).

The Walton family would like to extend a huge thank you to Soccer Maine and Coastal Soccer Club for their generous financial sponsorship in helping make this trip a reality for Allie!

Sammantha Toorish Named To Regional Pool

Maine had only 2 '95 age players at the Region 1 ODP camp this week, and they had to contend with players from all over the north east. In total there were over 500 players in the '95 age bracket competing for a place in the final pool of under 70 players. Sammi worked very hard, made the pool from day one and lasted all week as a pool player despite the high level of competition.

Everyone at Seacoast United Maine and especially her teammates - The rising U14 girls (Fusion) - would like to congratulate Sammi on all her hard work and effort leading to more opportunities to develop her game at a Regional level.

Well done!
